PROJECT BRIEF

Set in the city of Huizhou in southern China, the Jiuming Yuhai resort was conceived around a single idea: complete, unhurried relaxation. Guests drift from sunlit terraces to the water's edge, where the rhythm of the day slows and comfort becomes the whole point of the place.

HIGOLD outdoor furniture gives that intention its physical form. Sculpted loungers line the modern terrace, while poolside sunloungers invite guests to settle in for an entire afternoon under open sky. Each piece is built to endure the elements without surrendering an ounce of elegance.

The result is a resort where style and function are never at odds. Every chair, every lounge contributes to one quietly luxurious atmosphere — an invitation to stay a little longer, breathe a little deeper, and let the surroundings do the rest.
