PROJECT BRIEF

Stretched across a three-kilometre island in the spectacular Dhaalu Atoll, Kandima Maldives is a playground in paradise — a short flight and boat ride from Velana International Airport, yet a world away from the ordinary. With 270 stylish studios and villas, ten distinctive dining venues, and an endless roster of activities, the resort is designed for guests who expect every moment to feel anything but routine.

HIGOLD outdoor furniture brings a quiet sophistication to the resort's open-air spaces, where the line between indoors and the lagoon dissolves entirely. Marine-grade frames and weather-resilient finishes stand up to the salt, sun, and humidity of the Indian Ocean while keeping their clean, contemporary silhouette season after season.

From sun-soaked terraces and poolside lounges to shaded dining decks facing the water, each piece balances comfort with design — inviting guests to linger, unwind, and savour island life. At Kandima, HIGOLD helps turn a tropical setting into an enduring statement of relaxed luxury.
