PROJECT BRIEF

Set on the iconic Palm Jumeirah, Taj Exotica Resort & Spa is an idyllic island retreat where the calm of the Arabian Gulf meets the glittering Dubai skyline. The resort distills the warmth of legendary 'Tajness' hospitality into a place of serenity, discovery and quiet celebration — from luxurious accommodations and seven distinctive restaurants and bars to an award-winning spa and the longest pool on the eastern crescent of the island.

In settings this refined, the outdoor furniture is never an afterthought. HIGOLD pieces shape the rhythm of life by the water: lounge beds along the pool, dining terraces facing the sea, shaded corners that invite long, unhurried mornings. Each piece pairs sculptural form with materials engineered for sun, salt and humidity, so the look stays impeccable season after season.

The result is a seamless transition from interior elegance to open-air living. HIGOLD lets the resort frame the view rather than compete with it — comfort that feels effortless, design that feels inevitable, and an outdoor experience worthy of one of Dubai's most coveted addresses.
