PROJECT BRIEF

Soluna Beach unfolds along the shoreline of The Palm Jumeirah as a Mediterranean sanctuary where the day is measured in sunlight. A private beach, a pool framed in warm stone, and signature dining by the water set the tone for an escape built around ease, light, and the rhythm of the sea.

Around the pool and across the sand, HIGOLD outdoor furniture shapes the experience: sun loungers that invite long, unhurried afternoons and private cabanas that carve out pockets of shade and intimacy. Each piece is engineered for life by the water — resilient against sun and salt, yet refined enough to belong to a destination of this calibre.

The result is a seamless blend of comfort and quiet luxury. HIGOLD's design language elevates every corner of Soluna, turning a beachfront retreat into a place guests return to for the feeling as much as the view.
